June 6 — 2nd Sunday after Pentecost — Communion
Sermon Title: "Rejection"
Scripture: 1 Samuel 8:4-20

I will never forget the night a representative of my favorite fraternity knocked on our door to make a pledge call. The shock for me was they wanted to speak to my college roommate, not me! Rejection is one of the hardest experiences to go through. You don't make the team, you ask him or her out and they decline, you audition or interview and they don't select you.....

Imagine God, having brought a people out of Egypt — with miracles, signs, and wonders — the God who settled them in a promised land only to have these people reject the God of life, the God of deliverance, as King over them and say "NO, we know better!" No more "chosen people, royal priesthood," no more "peculiar people," NO, we want to be just like all these other nations. How are we to take this story? Come and let us reason together because sometimes **we get just what we want, but not what we need.**
