December 4 — 2<sup>nd</sup> Sunday of Advent

Sermon Title: "Straighten Up!"

Scripture: Matthew 3:1-12

During the late 60's and most of the 70's, songwriter and composer, Burt Bacharach, wrote some of the greatest songs of that time. One of those songs was "What the World Needs Now Is Love," and was sung originally by Dionne Warwick. It was a hit for both Warwick and Bacharach.

This week's theme for Advent is Love and as I was reflecting on this theme, I thought about the many ways people misuse the word love. Everything from one's love for their favorite food to their favorite college football team, the word love has been cheapened from its original intent which was defined by God in God's creation of humanity.

God's Love for humanity can be seen in the Bible from the first chapter of Genesis all the way to the last chapter of Revelation. God's Love is a love that can truly transform lives, communities, churches, countries, and the world. Our church is a great mirror of God's Love and I'm thankful and blessed to be able to serve as your pastor.

It is my prayer and hope that all of us here at Bascomb will seek out ways for us to spread the wonders of God's Love to everyone who crosses our path. May it not only be for this Advent season but every day afterwards through 2023 and beyond.
